\$100.00 for non-members

ON LINE Registration **REQUIRED** by 5PM Monday, Feb. 5, 2017 (see over)

REGISTER HERE

Seminar Summary:

An overview of existing buildings for public entities & places of public accommodation per ADAS and CBC from Barrier Removal to Program Accessibility including Alteration requirements whether or not construction is scheduled. (see over)

Learning Objectives

- Understand differences between Public Facilities and Places of Public Accommodation
- Review the distinctions between Program Accessibility vs Barrier Removal and their impact
- Learn about Proportional Spending and Disproportionality with its application to Path of Travel requirements
- Overview Safe Harbor and when it can or cannot be applied to existing elements

The nature of building and construction has changed with a higher proportion of renovation and re-use. Under both the CBC and the ADA Standards there are differing requirements for new construction versus alteration. Since many of these requirements are federal laws, local public agencies can only offer limited direction but do need to understand the differences from the CBC. We will review criteria for existing facilities in regard to scoping to acquire a better sense of the implications of the law and how it applies. We will cover a range of concepts such as Program Accessibility vs Barrier Removal, Proportional Spending, Safe Harbor, and Path of Travel obligations.

Check in and registration starts at 7:30 AM, class begins at 8:00 AM sharp. Everyone is on their own for food and drink.

Registration after that date will be at the door subject to seating availability. Seating with tables is limited to 40, please register early. Cancellation made at least one week prior to the class will be refunded. No refunds for cancellation will be given after that time. No refunds will be given for no-shows in the class.

.5 CEU's

.5 CEU's

Schedule :

7:30am - 8:00am - Registration/Check in

8:00 am - 12:00pm - Presentation

Location Map for The Cabrillo Pavilion - 1118 E. Cabrillo Boulevard Santa Barbara, CA 93103

Public Parking each side of the Pavilion

Janis Kent, FAIA, CASp is the Founding President of the Certified Access Specialist Institute (CASI), serving all who are involved with access in the built environment, whether in private practice or the public sector. She has made presentations on Accessibility at numerous venues from Dwell On Design in Los Angeles, to Design DC in Washington, to the National AIA Conventions in Chicago, New Orleans, Atlanta, and in Philadelphia. Her most recent book is the Second Edition of Stepping Through Accessible Details. Richard Halloran, Secretary of the San Francisco Access Appeals Commission, described the book as “The most comprehensive and thorough compilation of accessibility information I have encountered.” She has also created working matrices for dwelling unit bathrooms and kitchens comparing the different regulations on an item by item basis.
